### SUMMARY

Results-driven Software Engineer with 3 years of experience at Infosys Limited in full-stack web development. Skilled in designing, developing, and deploying scalable applications using C#, .NET Core, Python, Angular, React, and SQL. Strong understanding of REST API design, database management, and modern web frameworks. Passionate about delivering efficient solutions, improving user experience, and contributing to organizational success.

### EXPERIENCE

#### System Engineer

##### Infosys Limited

07/2022 - 03/2025 Bangalore, India

A global leader in technology services and consulting

- Worked on full-stack projects from scratch requiring expertise in Angular and ASP.NET with SQL.
- Contributed to providing software solutions to clients with optimum client satisfaction.
- Implemented functionalities to handle various data requests (CRUD operations) and business logic.
- Provided proactive solutions while solving bugs and issues to meet client's requirements.
- Developed and implemented a scalable Rest API using ASP.NET Web API.
- Developed and maintained full-stack web applications using Angular, ASP.NET Core, and SQL.
- Designed and implemented RESTful APIs to support data exchange between microservices.
- Improved application performance by optimizing database queries and refactoring inefficient code blocks.
- Participated in agile ceremonies, including sprint planning, daily stand-ups, and retrospectives.
- Integrated third-party APIs for payment gateways, authentication, and notifications.
- Developed reusable UI components and implemented responsive designs for improved accessibility.
- Monitored production systems using Azure Application Insights and implemented proactive bug resolutions.
- Ensured compliance with RESTful standards, proper documentation, and code review best practices.

### KEY PROJECTS

#### Optimization of Claims Resolution Platform

Designed a user-friendly claims resolution interface for a healthcare payer's website, ensuring accessibility and a streamlined filing process for patients, leading to an increase in successful claim submissions and improved patient satisfaction.

#### TravelAway

Built TravelAway, a scalable full-stack application that optimized travel booking workflows, demonstrating strong skills in architecture design, API integration, and data management.

### SKILLS

C#	Python	Entity Framework Core	ASP.NET Web API			Angular JS	React JS	JavaScript
MSSQL	.NET Core	TypeScript	HTML	CSS	Azure	AWS	Java	Git/GitHub

### EDUCATION

#### B-Tech in Computer Science and Engineering

##### National Institute of Science and Technology

08/2018 - 05/2022

#### Intermediate

##### Nalanda +2 Science College

05/2016 - 04/2018

### LANGUAGES

#### English

Proficient

#### Hindi
